

Software Developer – AI Engineer

Personal Information

Name: **Abraham Saúl Sandoval Meneses**

Place of birth: Hermosillo, Sonora, México.

Mobile Phone: (6624) 44 10 38

Email: abrahams.sandovalm@gmail.com

Soft Skills

Organized person, self-taught person, analysis capacity, team work.

Work Experience

Intersel– Software Engineer -	from 11/2019 - currently
Qualisys – Software Engineer -	from 2/2018 to 11/2019
FlexBPO – Software Engineer -	from 7/2016 to 2/2018
GE Appliances – IT Leader-	from 4/2015 to 7/2016
IEnova - Intern Developer -	from 10/2014 to 4/2015
UNISON – Technical support -	from 6/2013 to 1/2014

Last Projects

IntertelBot – Python, rasa, ZendDesk, Sales Force, SQL Server.
Is a chatbot level 3 implemented as conversational AI virtual assistant.

Stock Operations Portal - C#, AngularJS, Material Design, SQL.
Portal Integrated to SAP Business One using integration framework.

Integration SAP – Procore – SAP SDK, C#, REST, UnitTests
Integration of the procore project management platform with SAP.

Requisitions Portal - C#, Angular, Angular Material, SAP B1if, SQL.
Portal with integration to SAP Business One.

Integration SAP - Bitrix24 – SAP SDK, API REST, C#
Integration of the Bitrix24 platform with the ERP SAP

Worked Hours Portal - C#, AngularJS, REST, SQL, RDLC.
control the time that employees invest in the different projects.

Blockchain Project – Python, Flask
For the implementation of a cryptocurrency.

iPhone App Technical Service GE - Objective-C
To request technical services from GE Appliances los Cabos.

Other Projects

Algorithm Twin Delayed DDPG (TD3) – Python, PyTorch ,AI Gym
To solve problem of the AI-GYM Pybullet environments.

Implementation of Algorithm from RL Q-Learning – Python
It allows simulate robot to learn efficient routes from experience to reach its recharging station.

Object Detection App with the algorithm SSD- Python
The model detects around 30 objects like persons, vehicles, animals, indoor objects etc...

Languages

English Advanced
Spanish Native

Academic Training

Higher Education: Universidad de Sonora
Degree: Computer Science
Ceneval Exam EGEL-COMPU with outstanding performance testimony.

Technical Knowledge

Data Bases: SQL, MySQL, MongoDB, SAP HANA

Web: HTML, CSS, PHP, Angular, JS, C#

Desktop: C#, C++, python

Mobile: Objective-C

Scientific: C-mpi, python

Frameworks

-*Python:* Tensorflow 2.0, PyTorch, OpenCV, SKLearn, Flask, Dask, open source rasa

-*C#:* Task Parallel Library

Others Knowledges

- **Machine Learning:**
- **Electronic Data Interchange (EDI)**
- **SAP Business One SDK**
- **Design Patterns**
- **Robot Process Automation**
- **AI Assistants (Chatbots)**
